

Ode to Bus #2

I didn't know, when I got on Bus #2,
We would form some bonds, stronger than glue.

We got to know Paul, for his constant click,
And Hippie John, for his constant pick.

Valerie displayed her beautiful voice,
We know Tim is thankful, for his last-minute choice.

Debra graced us with a nice haiku,
Quiet Kevin showed, he can write, too.

Sue was great, as our tour guide,
Until we learned of her dark side.

The story about, the Love Hotel,
Too much information, she's goin' to Hell!

Mary was diligent, with her journalistic work,
Emma's artwork was a nice little perk.

I couldn't name everyone on the bus,
But each, and everyone, has been a plus.

Kristen, Tad, Loen, and Sho,
Gave Bus #2 our mighty mojo.

Without the Dozono Family
Where would we be?
Probably watching Japan, afar on TV.

So Bus #2, it has been a good run,
Despite the heartbreak, it's been real fun.

We can all feel good about our good deed,
I'll see you again, when someone's in need.
